Wally the Werewolf was so excited!
Today was his first day at
Monster Manners School.

At Monster Manners School,
monsters learn kindness,
respect, and how to be their
best selves.

During morning circle, Miss Bella,
the kind and wise monster teacher,
explained today's lesson.

"Patience means waiting
with a good heart," said Miss Bella.
"Sometimes the best things
are worth the wait."

But when it was time for recess,
Wally got impatient.
He wanted to be the first
on the playground.

He kept looking at the clock,
watching the other kids play.
It was so hard to wait!

Then Wally noticed something...

The butterfly didn't rush.
It took its time, and when it did,
it found something beautiful.

Wally took a deep breath
and decided to be patient.
He watched, he waited,
and he kept a kind heart.

When it was finally his turn,
Wally had the best time!
He learned that patience
can make the wait even
more special.

That night, Wally smiled as he thought about his day. He had been impatient, but he tried. And he learned something important...

Patience isn't about waiting
forever. It's about trusting,
believing, and knowing
that good things take time.

And Wally
would be patient
again tomorrow.
